## **Meet Our Hospital Nursing Department**

*“Nurses dispense comfort, compassion, and caring without even a prescription.” – Val Saintsbury, author.*

Meet three of the valued nurses serving in the hospital:

**Megan Yow, RN-BSN**

After nine years as an emergency room nurse, Megan Yow in 2016 was named hospital quality director/nurse manager.

She also completed a bachelor's degree in nursing. Yow analyzes satisfaction surveys filled out by patients about their care and treatment. She reviews the daily measures nurses take to prevent falls, infections, and pressure ulcers. The purpose is to enhance patient comfort and avoid extra days of stay.

Yow also leads the hospital's "healthification" program, which guides coworkers through physical activity, healthy eating, and emotional and spiritual well-being.

**Ramon Laguna, CNA**

As a certified nurse's aide, Ramon Laguna enjoys working with the elderly, but youth development is not far from his mind. He and his wife, Julieta Laguna, an RN-BSN nurse at Lake Country Nursing Center, were involved in a ministry in the Philippines that teaches leadership and Christian values to children. Before moving to the U.S. in the nursing field, Laguna was a professor of agriculture at Visayas State University.

He holds a PhD in agricultural economics from Oklahoma State University. He has been a CNA since 2006, the last two years with our hospital.

**Kathryn Porter Miller, RN**

Kathryn Miller has one of the most extensive and varied nursing careers on staff.

Over 30 years, she has accrued experience in emergency room, intensive care, home health, agency, and medical- surgical nursing. A charge nurse with our hospital for most of her 17 years here, she currently serves as a pharmacy supervisor.

"I have loved being part of the progress and growth here," she said.
